#### STEALING/NOT IN PROGRESS

The Family Dollar manager came in today stating that there have been a string of fraudulent stealing incidents from Kentucky Tennessee, Illinois, and Missouri. There are 2 black males that have been traveling across the country buying gift cards at the family

dollar/ Dollar tree stores. They will come in and purchase a gift card and ask for them to put 25.00 dollars on them. They will then ask for a pack of cigarettes and when the cashier turns around, they will reach behind the counter and add more money to the card. The manager stated that the males know what buttons to hit and will load a substantial amount more than 25 dollars and then go to the parking lot and filter the money through several cards, so it is untraceable. They have videos of the males doing this. I will fill out an o/i report on this. They have not been to Willow yet, but they are reported to be in Alton Missouri and heading to West plains. Theses males have been reported of stealing thousands of dollars and are moving very fast. They have hit stores in Kentucky, Illinois, and Missouri that we know of. They have hit stores in Dexter, Vanburen, Alton, and one other so far. They might be heading to Arkansas next. So be vigilant towards fraudulent activity.
