

# Winter Weather Today and Sunday, **Dangerous Wind Chills Saturday through Tuesday**

Updated: January 12, 2024 at 4 AM

**National Weather Service** Springfield, MO

National Oceanic and Atmospheric Administration U.S. Department of Commerce

#### January 12, 2024 4:01 AM

# Overview

**Today Through Tuesday** 

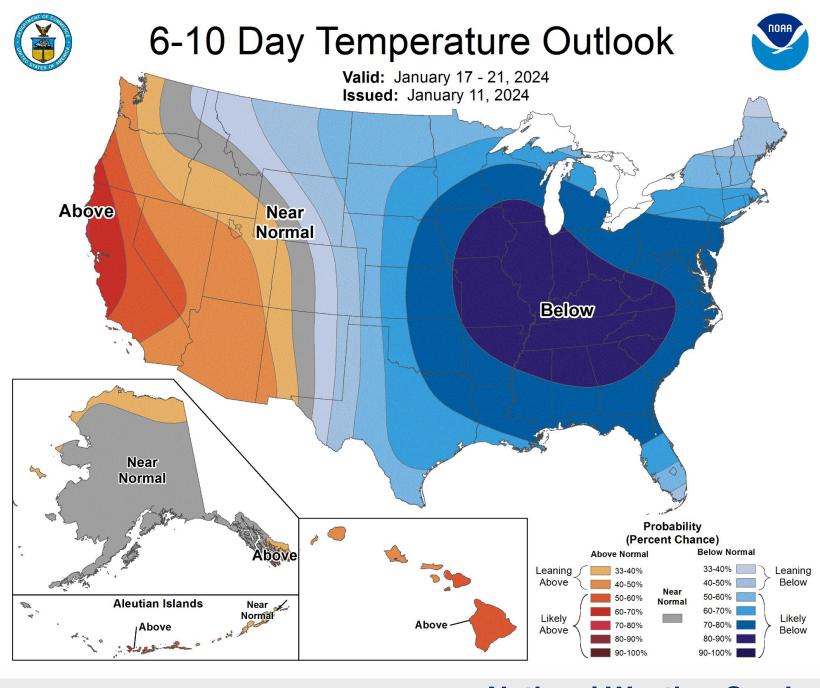

## **Key Messages**

- → Two rounds of winter weather will occur over the weekend. The first is ongoing today. The next will occur late Sunday into early Monday.
- → Minor to moderate road impacts are possible today. On Sunday, at least minor road impacts are possible, especially south of I-44.
- → Low temperatures 20 to 30 degrees below normal likely today through Tuesday.
- → Dangerous wind chills -15 to -30 degrees are likely Sunday morning, Monday morning, and Tuesday morning.

## **Next Scheduled Update**

→ This Afternoon

#### January 12, 2024 4:01 AM

# Winter Weather Advisory

### **Until Noon Today**

### **Key Message**

- Rapidly falling temperatures this  $\rightarrow$ morning will cause wet roads to freeze very quickly
- The morning commute may be  $\rightarrow$ hazardous
- Light snow accumulation expected  $\rightarrow$ across much of the area
- Wind gusts as high as 45 mph and  $\rightarrow$ wind chills in the single digits

Slow Commute

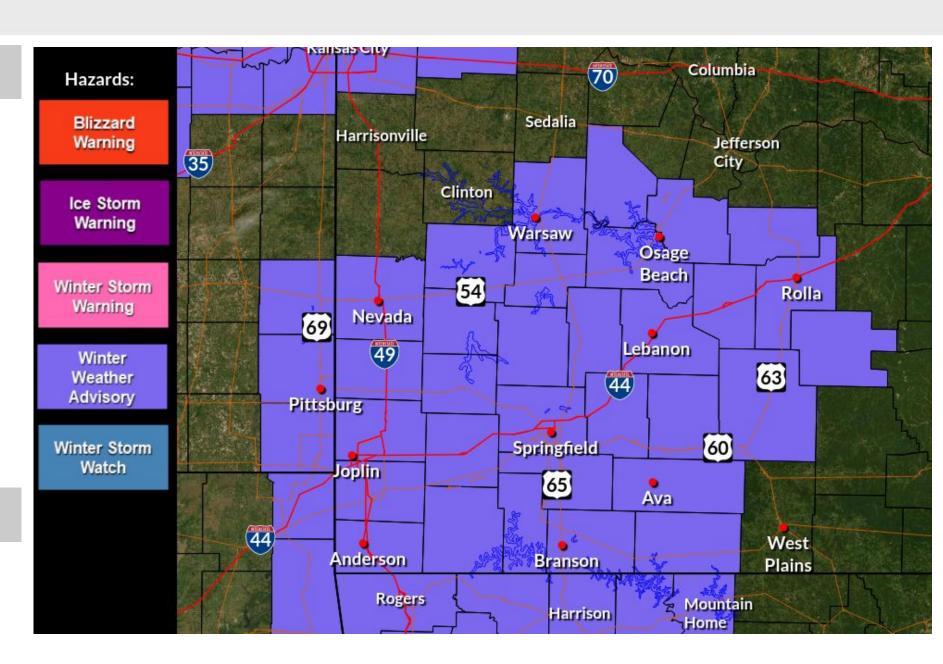

Difficult Travel

**Cold Wind** Chills

#### January 12, 2024 4:01 AM

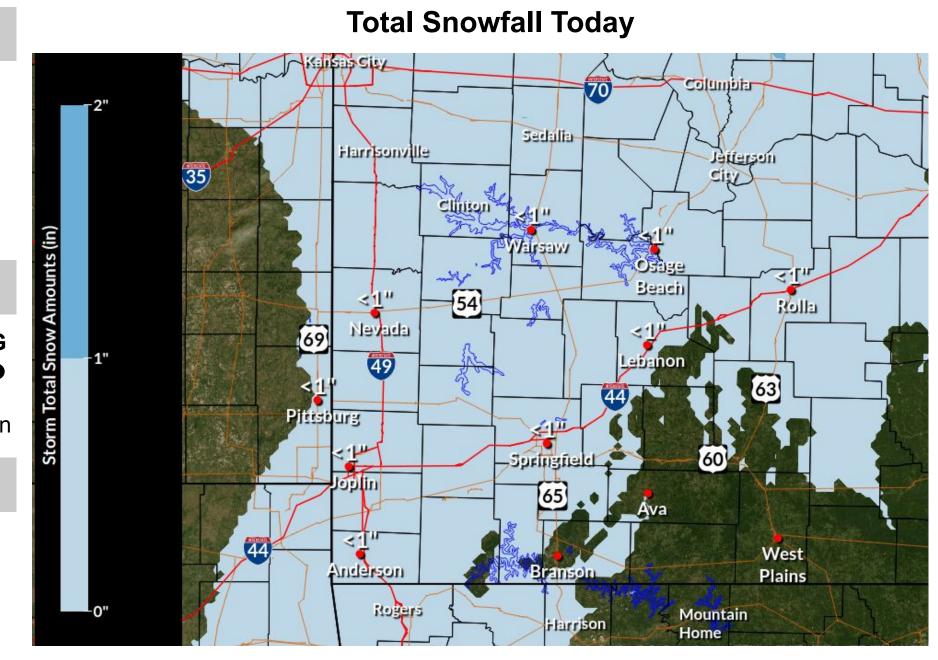

# **Snowfall and Falling Temperatures**

### **Key Message**

Today

Watch for rapidly changing road conditions this morning as temperatures quickly fall from above freezing to the low 20s and teens. A flash freeze is likely where roads are wet and/or snow is falling.
